

## **Part Two**

The Board directs the Superintendent to take such action as may be necessary to communicate to administrators, teachers, and staff the district's policy regarding withholding physical education or recess as a form of discipline or punishment.

Further, the Board directs the Superintendent to take such action as may be necessary to ensure that teachers are provided with the education, support, and resources they need to use appropriate methods of discipline or punishment related to physical education and recess.

Finally, the Board requests an update from the Superintendent on carrying out the requirements of this motion during a regularly scheduled Board meeting not later than the date on which the start of the 2025-2026 school year is scheduled to begin.
